Ms. Marlene Dortch
Secretary
Federal Communications Commission
445 12th St., SW
Washington, DC 20554

Dear Ms. Dortch:

On March 3, 2004, Cheryl Crate, Vice President of Pegasus Communications and I, a consultant to the company, met with Sheryl Wilkerson of the Chairman's Office to discuss proposals to reduce public safety interference in the 800 MHz band. We discussed Pegasus's position that the Commission not act on the matter in a way that adversely affects the value of the guard band licenses. We presented Ms. Wilkerson with a publicly available list of guard band licenses, city by city, showing which entity had entered the winning bid.

Very truly yours,
